

LITTLE SWIMSTERS NEWSLETTER

Date: April 26, 2018

HURRICANE HARVEY

As summer in Houston is rolling in, swimming lessons start to pick up. Last year, our season was cut short due to Hurricane Harvey. As of today, there are still a handful of people who have not completed their lessons that were paid for. For those individuals, please contact us to complete those lessons. They can be done at anytime; now while we are indoors at the Pearland Recreation Center & Natatorium or going into summer when we move outdoors. As said, they are already paid for so you won't be charged for the remaining lessons from summer 2017. If you are unsure if you missed lessons because of Hurricane Harvey, give us a call and we can check that for you.

WELCOME THE AQUATIC ACADEMY

"Two are better than one..." so we have joined forces with The Aquatic Academy (TAA). Similar to Little Swimsters, TAA is a family owned swim school started by Charyl Teal in 2007. She started in her backyard with a few kids and has grown to over 700 students. They share the same morals and values as Little Swimsters so in October 2017 we partnered together to conquer swim lessons and provide a great community service. They bring us 5+ instructors so we are able to provide the maximum number of lessons!

SUMMER 2018

If you can't tell, we are excited about summer! Summer session start June 4 and this year, we will have two main locations- both in the Pearland area. First is the West Pearland/288 location which will be run from coach James' house. We have 4 instructors this year on this side, (coaches Barbara, James, Morgan & Nancy) who will be doing both private lessons and group lessons. We have opened up to group lessons which will be 3-4 kids in a class and can range from \$60-\$144/month depending on *(cont'd on pg. 2)*

KEY DATES

May 15	June 4	July 4
International Water Safety Day	Summer session starts	Facility closure
May 27 - June 3	June 21	August 11
Facility closure	World Largest Swimming Lesson Day	Summer session ends

Take a look at our 2018 Year-Round Calendar.

(cont'd from pg. 1) how many lessons you do per week. We will also have our East Pearland/ 35 location which will be run from coach Charyl's house. You are free to choose between either location depending on which is more convenient for you. Each location will have their own websites and scheduling pages. **If you are wanting to schedule a mobile lesson (a lesson at your house/community) please call for availability- DO NOT BOOK ONLINE.** With that being said, since we do have a primary location, a travel fee is added for both Pearland and non-Pearland residents this year- \$10/per lesson travel fee within Pearland, \$20/per lesson travel fee outside of Pearland. The summer schedule has been posted for and registration for summer is open; if you have not signed up yet, call or go online and do so TODAY! Especially if you are wanting a specific instructor, time slots are expected to fill quickly so a wait list will likely go in place this season. Though as always, we continue to go month to month, there is no contact, no 30 day notice required, no strict scheduling. You can schedule days and times that are most fitting for you.

STAY IN CONTACT

We love talking to you and love hearing from you. If you have not already, please fill out the registration form for 2018, registration forms are valid for 1 year. They can be filled out online [here](#) or by going on our website under the 'sign up' tab. This will save any delay in starting our lesson having to do it in person. This helps us communicate in case of any emergency, class cancellations or any other need. We all know hurricane season starts June 1 so that always brings a lot of rain and storms. Since we have our own central location, we are more in control of closures; the pool will close for 20 minutes from the last noted sighting of lightning or hearing of thunder within 5 miles of the location. In that case, you will be notified and lessons will be pushed back. If we are forced to close due to weather, your lesson will be rescheduled for free. If you are concerned about weather and closures you can always check our [Facebook](#), [Instagram](#) and [Twitter](#) pages. You can also stay up to date with that and any other kind of new by clicking on our [Swimsters News](#) tab on our website. All forms of communication will be updated periodically and as soon as possible to keep you informed. To prevent unwanted communication, we will not send out mass emails or texts for weather related issues. If you have a lesson scheduled and it is affected, an email and/or text will be sent to you individually concerning that. So, when filling out the registration form, please put a valid cell phone number and email address.

If you have any questions or concerns, please feel free to contact us at anytime.

ANNOUNCEMENTS

Registration Forms

Please fill out your registration form today! [Click here.](#)

Job Postings

We are in need of an office administrators, as well as

swim instructors for both locations. For more information or to submit a resume, [email Coach James](#)
